

Bringing Mathematics Home 4

Learning Strategies

At home, survey your children on how they learned mathematics this week. Tally the number of times they used each of the following learning strategies in their mathematics class.

Grades	Small Groups	Lecture	Work-sheets	Tests	Student Presentations	Use of Technology	Materials
K-2							
3-5							
6-8							
9-12							

Make a graph of your own choosing to display your data. Bring this data with you to the next session.
